DRYER AWZ481/GH

The Perfection in Drying

■ A NEW DESIGN

The new grey color gives the product a unique aesthetic associated to heavy duty products.

■ DRYING OF BIG VOLUMES - 10 KG

The large capacity 205 liters drum allows drying of up to 10 kg of linen every cycle.

■ THE HEAVY DUTY PERFORMANCE

With its total power of 4900 watts and a heating power of 4600 watts, it offers 40% more power compared to a regular drying cycle.

■ FEATURES ADAPTED TO PROFESSIONAL REQUIREMENTS

With 8 specific programmes from Delicate to Big Items, with or without heating option all cycles easily adapt to your linen. The several temperature options guarantee a quick and consistent drying always with particular care for delicate and silk items.

■ SPACE OPTIMISATION

The stacking kit allows to install washer and dryer on top of each other and it's included into the packaging of the dryer.

Grill to safely dry delicates items

Stacking kit for space optimisation

A UNIQUE SEMI-PROFESSIONAL

WASHER AWM9100/GH

The Definition of Washing

■ LARGE CAPACITY

Thanks to the 92 lt. drum, it is possible to wash up to 10 kg of linen each cycle.

■ THE HEAVY DUTY PERFORMANCE

There is a saving of about 40% in energy and time consumption when filling the washer with hot and cold water when compared to cold water only.

■ EASE OF USE

An electronic central system ensures an easy programming with a 23 hour start delay; the remaining time indicator informs on the status of the programme.

■ PROFESSIONAL PROGRAMMES

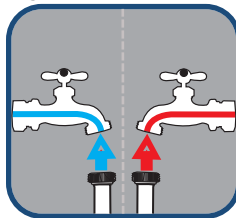

It is possible to select specific programmes like the EXPRESS at 40°C in 40 min. or the SANITARY (disinfecting at 95°C). More options are available and all ensure perfect results always.

■ SPACE OPTIMISATION

Whirlpool pairs up Semi-professional washing and drying functionalities using the same space and same aesthetic. In addition, 2 big drawers can elevate the machines allowing for an easier loading and unloading of linens besides providing storage space.

Large opening door. More quality and sturdiness with the double hinges

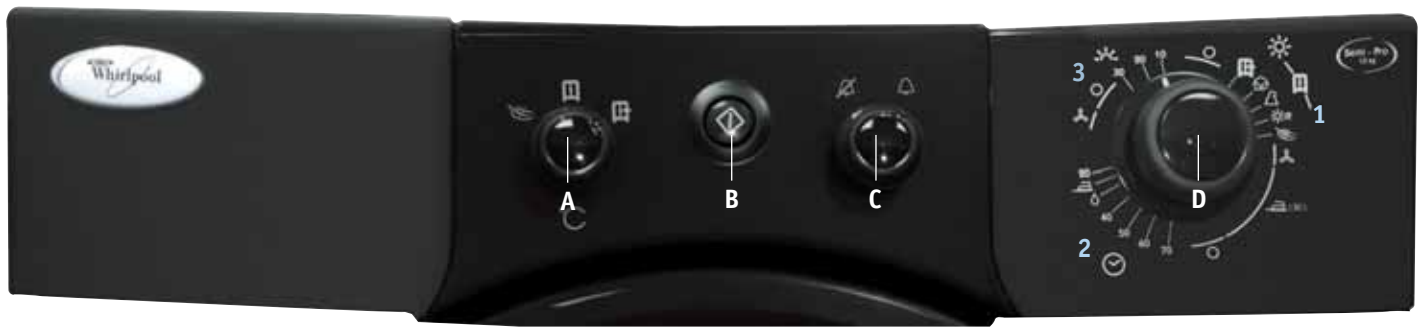

Hot and Cold water fill

Optional drawer to install at the base of the products with a 33 cm height
